# Zhejiang Jinlihua Electric Joint-Stock Limited Company

## INTRODUCTION

Established in 2003, Zhejiang Jinlihua Electric Company Limited is a professional company manufacturing toughened glass insulator for HV, EHV and UHV power transmission and transformation line.

The company locates in Jinhua Jindong Economical Development, zone, Eastern Jinhua District of Jinhua city, which is at the intersection among Hangzhou-Jinhua-Quzhou express highway, Ningbo-Jinhua express highway and No.03 provincial highway and features simple and rapid transportation and obvious superiority in district location.

The disk and suspension toughened glass insulator produced by the company is one of the key project in the national Eighth Five-Year Plan, in which both the electro mechanic and safety properties reach the world-advanced level. With the applied line voltage level from 10 to 1000 kV and product specification from 40 to 550 kN, the types of the products include DC type, AC type, standard type, and anti-pollution type, open air profile type and ground wire type, which is the ideal choice for updating and upgrading of our power transmission line and for substituting the imported products. Because of the selection of toughened glass as the insulating material and the rational design of the metal accessories, the suspension glass insulator we manufacture has the following advantages: fatigue durability, lightning protection, and no concealed defects in operating condition, and any damage can be visually identified.

The company has an annual production capacity of 4 million pieces of toughened glass insulator manufactured absolutely accordant with the National Standard GB1001.1 and IEC International Standard and in conformity with the American ANSI and British BS Standards. The computer-aided automatic control is adopted for the whole process from raw material entering the factory to the visual inspection of products so as to reduce the human intervention, ensuring the continuous high quality and constant high stability of the product. In order to guarantee the quality and reliability of the products, the company has introduced kinds of advanced and sophisticated means and devices for testing:

1.The tests on the raw materials include: making chemical analysis on all the mineral and chemical raw materials entering the factory, making complete analysis on glass parts, ensuring the stability of the formulation of insulators, and timely controlling the quality of glass smelting,

2.The tests on mechanical behavior include: routine tension load test, thermal shock test, mechanical destructive load test, Thermal-mechanical performance test etc.

3.Electrical performance tests include: lightning complete cycle withstand voltage test, surge dry and wet withstand voltage test, power-frequency dry and wet flash-over withstand tests, breakdown test, steep wave surge test, and radio interference test and corona visual test etc. Carried out by using a 1200 kV lightning surge generator, and a 500 kV power frequency test transformer in specified temperature and humidity conditions.

Our company passed ISO9001: 2000 quality management system certification in May 2005.and passed the re-certification in October 2007. glass insulator series passed through the product technical identification organized by Chinese Association of Electric Power Enterprises in June 2005 and the new product identification organized by Science & Technology Department of Zhejiang Province in Jan 2006. JLH's self-developed toughened glass insulator specifically being operated on 1000kv EHV power transmission line was approved as the "national important new product" by the national science department and other four departments

Our company has been highly valued and strongly supported by the local governments from the very beginning of its establishment. With excellent human and cultural environment and development prospect, the enterprise has been listed as a provincial new high-tech enterprise a key provincial and municipal enterprise and our products has been authorized as the provincial new high-tech product. The construction at Phase I covers an area of 66 mu, with an investment of 80 million RMB and an annual sales of 180 million RMB and has been completed and put into operation with profits. And phase II Expropriation of the land for 55mu, with an investment of 52 million RMB, in order to research and develop the new type glass insulator that the electricity grid needs . also provide the condition of Industrialization theThe goal of our company is: do all we can to take the lead in the industry across the country and rank the tops in the world by achieving the objective of producing 6 million pieces of toughened glass insulators annually after a few years of efforts, make great contribution to the electricity grid construction.

## 浙江金利华电气股份有限公司国际标准认证证书(中文)

## 国际标准认证证书

注册号: J07Q11628R1M

兹证明

浙江金利华电气股份有限公司

地址: 浙江省金华市金东经济开发区(傅村镇), 321037

质量管理体系符合

ISO 9001:2000

该体系覆盖范围

标称电压高于 1000V 的架空线路盘形悬式钢化玻璃绝缘子的设计、生产和销售

初次发证日期: 2005 年 5 月 12 日

复评发证日期: 2007 年 12 月 28 日; 有效期至 2010 年 12 月 27 日

获证组织在证书有效期内每年至少接受一次监督审核, 并将监督审核合格标识粘贴于证书指定位置。  
此证书方可有效。本证书有效状态请登录 [www.wsc.cn](http://www.wsc.cn) 或 [www.jas-anz.com.au/register](http://www.jas-anz.com.au/register) 查询。

北京世标认证中心有限公司

签发:

JAS-ANZ

国际认可注册号:  
S 2070600 C B

## CERTIFICATE OF REGISTRATION

## CERTIFICATE OF REGISTRATION

Registration No.: J07Q11628R1M

This is to certify that the Quality Management System of

**Zhejiang Jinlihua Electric Co., Ltd.**(Fucun Town) Jindong Economic Development Zone, Jinhua City,  
Zhejiang Province, 321037, P. R. China

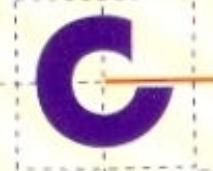

has been audited to conform to the following Quality Management System Standard:

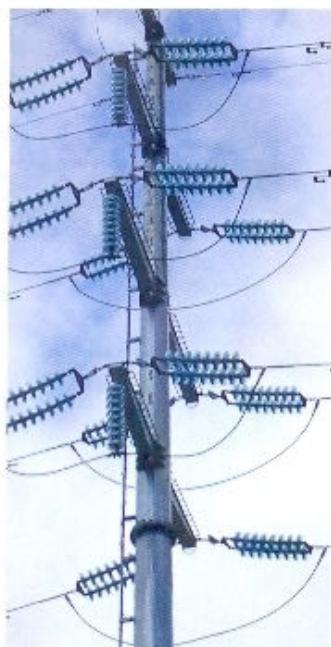

**ISO 9001:2000**For the whole process of design, production and sales of  
**aerial circuit disc suspension reinforced glass insulators**  
of standard voltage above 1000V**Date of Initial Issuance: 05-12-2005****Date of Issuance after Reassessment: 12-28-2007; Expiry Date: 12-27-2010**

This certificate will remain valid only if the certified organization accepts at least one surveillance audit annually  
within the validity period of the certificate in which the surveillance audit conforming mark is in the designated position.  
Please login into [WWW.WSC.CN](http://WWW.WSC.CN) or [WWW.JAS-ANZ.COM.AU/REGISTER](http://WWW.JAS-ANZ.COM.AU/REGISTER) for this certificate's validity status.

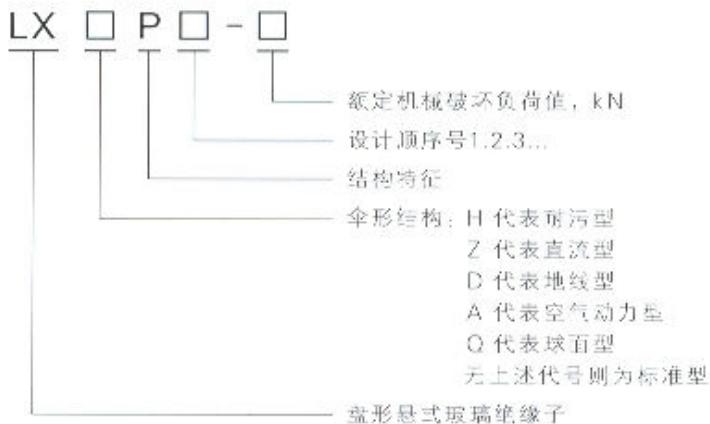

**WSC**  
**ISO 9001**

Issued by:

**JAS-ANZ**Accreditation No.  
S 2070600CB

### 钢化玻璃绝缘子的型号说明：

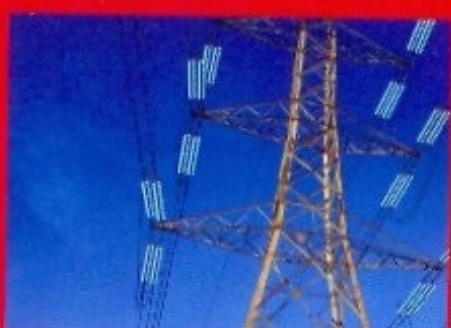

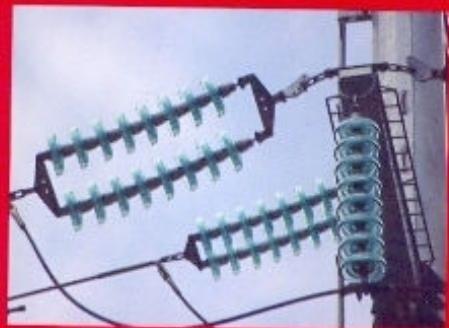

## 金利华电气所获荣誉

- 2005年度，中国农业银行企业资信等级AAA级
- 2006年度，中国农业银行企业资信等级AAA级
- 2006年2月，金华市金东区人民政府授予金利华“2006年度区骨干工业企业”
- 2006年12月，金华市人民政府授予金利华“金华市高新技术企业”
- 2007年度，中国农业银行企业资信等级AAA级
- 2007年2月，金华市金东区人民政府授予金利华“2006年度销售收入首超亿元企业”
- 2007年2月，金华市金东区人民政府授予金利华“2007年度区强优企业”
- 2007年3月，金华市安全生产委员会授予金利华“金华市安全生产管理示范企业”
- 2007年3月，浙江金华经济开发区管委会授予金利华“2006年度综合实力考核‘十强’企业”
- 2007年4月，浙江省科学技术厅认定金利华玻璃绝缘子产品为“高新技术产品”
- 2007年6月，金华市人民政府授予金利华“金华市高新技术企业研发中心”
- 2007年9月，浙江省科技厅授予金利华“浙江省高新技术企业”
- 2007年12月，国家科学技术部等四部委授予金利华“国家重点新产品”
- 2008年1月，金华市经济委员会授予金利华“2007年金华市优秀创新企业”
- 2008年2月，金华市金东区人民政府授予金利华“2008年度金东区十强企业”
- 2008年2月，金华市金东区人民政府授予金利华“2007年度纳税超千万元”
- 2008年2月，浙江金东区经济开发区管委会授予金利华“2007年度工业综合实力‘十强’企业”
- 2008年12月，浙江省科技厅授予金利华“浙江省高新技术企业研发中心”
- 2008年12月，浙江省人民政府重新认定金利华为“高新技术企业”

致力打造中国绝缘子第一品牌
